

**EDGAR  
BEREBI**  
*The Masterwork Atelier*

*I have long believed that the enduring quality of a classic can only be achieved by the union of the artist's imagination with the meticulous skill of master craftsmen. That is the mark of a true classic which will endure long past the trends of the time, the whims of the moment, and it is the inspiration for The Edgar Berebi Collection.*

*The Edgar Berebi Collection was created for connoisseurs of classic beauty as a way to accent and highlight their fine antiques and home decor. With it, I strive to create a timeless complement to collectors' most treasured possessions.*

*For the last 20 years I have gathered the finest Old World Engravers from mints, museums, and restoration shops all over the world. Their skill is a lost art in the tradition of the finest work-masters of the 19th century.*

*To produce a single prototype for molding, a Master Engraver will dedicate thousands of hours of work in silent concentration with only a magnifying loop and a small assortment of hand tools. The talent of these Master Engravers is made evident by the painstaking detail present in each piece of The Edgar Berebi Collection.*

*I am grateful for the praise my work has received through the years, but most of all I feel privileged to practice this craft, bringing you objects of art for which I hope will bring your family joy for generations to come.*
